

Sinclair Broadcasting is airing an anti-Kerry program just days before this important election.

This is an abuse of the free use of airwaves that belong to we the people.

At minimum the FCC should order Sinclair to clearly label the broadcast "Political Advertisement" during the complete duration of the program.

Also, the people sponsoring should pay Sinclair for it.

In addition or alternatively, Sinclair should broadcast an anti-Bush program like Fahrenheit 9/11 or a pro-Kerry one like "Up River."

Incidentally, Sinclair doesn't answer its telephone. That seems egregiously arrogant.

Thank you for your attention to this urgent matter.
